Did you know that **chlorine** and **caustic soda (chlor-alkali)** are essential to manufacture many products we rely on every day to make our lives **easier, safer** and **healthier**?

And that **countless European jobs** also need chlor-alkali chemistry to help us **work more safely** and **efficiently**?

Meet the '17 successes', real Europeans whose success at work is all thanks to chlor-alkali chemistry.
